

Zihao Wu

Education	Harvard University	Cambridge, MA
	Ph.D. Candidate. Advisor: Daniel J. Eisenstein	2023 – Expected 2028
	Peking University	Beijing, CN
	B.S. in Astrophysics (with honor). Advisor: Luis C. Ho	2019 – 2023
Research Interests	1. Galaxy Formation in the Early Universe 2. Galaxy Large-scale Structures and Protoclusters 3. Observations and Theories of Dark Matter Halos 4. Supermassive and Intermediate-Mass Black Holes	
Observation Programs	JWST NIRSpec (36 hr) & NIRCam (27.5 hr, in parallel)	Principal Investigator (PI)
	ALMA Cycle 13 Program (20.4 hr)	Grant \$269,784 PID 12340
	JWST NIRCam (1000 hr) pure parallel	(PI) PID 2026.1.01770.S
	JWST NIRSpec (97.4 hr) & NIRCam (75.6 hr, in parallel)	Co-Investigator (Co-I) PID 10790
	JWST NIRSpec Integral Field Units Spectroscopy (26.7 hr)	(Co-I) PID 10149
	JWST NIRSpec Medium Resolution Spectroscopy (71.7 hr)	(Co-I) PID 10311
	JWST MIRI Low Resolution Spectroscopy (62.8 hr)	(Co-I) PID 8018
	JWST NIRCam Wide Field Slitless Spectroscopy (12.2 hr)	(Co-I) PID 8544
	Roman Extreme Deep Field (RXDF) Program (286 hr)	(Co-I) PID 7336
	Roman Cycle 1 Archival Research Program	(Co-I) PID 2001 (Co-I) PID 19100
Professional Service	Member, The JWST Advanced Deep Extragalactic Survey (JADES)	2023 – present
	Member, JADES NIRCam data reduction team	2024 – present
	Member, Unified Multiwavelength Broad Research Center Exploring AGN	2023 – present
	Journal referee, Astrophysical Journal Letter	2026 – present
Community Service	Representative on Harvard Griffin GSAS Student Council	2024 – present
	Organizer of Harvard Astronomy Student-Faculty Forum	2024 – present
	Organizer of Inaugural CfA Science Meeting	2026
	Mentor in the Harvard Physics Directed Reading Program	2026
	Representative on Harvard Astronomy Student Faculty Council	2024 – 2025
	Volunteer in Harvard Science Festival: <i>Cambridge Explore the Universe</i>	2024 – 2025
	Academic chair, Student Council of School of Physics, Peking University	2020 – 2021
	Bicycle mechanic and cyclist in a 900 km 20-day team cycling expedition	2020
Awards & Honors	Outstanding Graduate, Beijing City & Peking University	May 2023
	First prize, Challenge Cup for Academic Research, Peking University	Apr 2023
	First prize, Lin-bridge Scholarship for Astronomy Research	Sep 2022
	First prize, Xingcheng Physics Forum, Peking University	May 2022
	First prize, Mathematics Competition for College Students, Beijing	Dec 2020
	Excellent Student Leader, Peking University	Oct 2021
Publication Summary	16 refereed publications, 5 as first author, 356 total citations, h -index = 12 (ADS Library)	

Talks	Talk, Galaxy Discussion Seminar, University of Cambridge, UK	May 2026
	Talk, Harvard Institute for Theory and Computation (ITC) Luncheon	Mar 2026
	Talk, The 247th AAS meeting, Phoenix, Arizona	Jan 2026
	Talk, JADES Collaboration Meeting, Cambridge, Massachusetts	Jun 2025
	Talk, First Galaxies Conference, Oxford, UK	Apr 2025
	Talk, JADES Collaboration Meeting, Santa Cruz, California	Jan 2025
	Invited Talk, KIAA-DoA Seminar, Peking University, China	Jul 2024
	Talk, JADES Collaboration Meeting, Copenhagen, Denmark	Jun 2024
	Talk, Yellow Mountain Guoshoujing Annual Conference, Anhui, China	May 2023
